Monday, September 8, 2014

Mr. OLSON. Mr. Speaker, I rise today to congratulate Braden Muscarello for being awarded a Kennedy-Lugar YES Abroad scholarship to study in Oman during the 2014–2015 academic year. As a YES Abroad student, Braden will help foster mutual understanding between the people of the United States and the people of Oman to promote friendly and peaceful relations. She will live with a host family in Muscat, attend a local high school and participate in activities with her Omani peers. Not only will she educate others about American culture, she'll also bring back her own experiences of Omani society and values and help build a social foundation for the development of a strong bilateral relationship between our two countries.

HONORING MS. SUSAN HAMMER

HON. ZOE LOFGREN

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Monday, September 8, 2014

Ms. LOFGREN. Mr. Speaker, I rise to recognize Ms. Susan Hammer and congratulate her on her Cornerstone of the Arts Award, a timely and well-deserved honor.

From the beginning of her career in public service, Ms. Hammer worked tirelessly to link San Jose's civic future to the continued growth and development of its arts and cultural insti-

tutions. Indeed, she entered public life in 1969 by founding a community art museum that became the San Jose Museum of Art. She was instrumental in saving the historic building now home to its administrative offices from destruction.

Ms. Hammer's unwavering support of the arts continued throughout her illustrious career. As the 62nd Mayor of San Jose, Ms. Hammer led the creation of San Jose's first cultural plan, which served as the blueprint for the evolution of the Office of Cultural Affairs and led to arts education reform. Ms. Hammer created San Jose's first cultural tourism program, worked to build The Tech as a museum of national stature, and fought to complete the Guadalupe River Park. Ms. Hammer made sure that The Rep got a permanent home in San Jose. Together with the San Jose State University President, Ms. Hammer developed the idea of creating a joint library and was part of a committee that raised \$16.5 million for the completion of San Jose's stunning Martin Luther King Jr. Library.

Ms. Hammer is a trailblazer when it comes to the development of San Jose area's thriving community and dynamic culture. As Mayor, she focused on affordable housing, child care, education, the arts, and the revitalization of the San Jose Downtown.

Ms. Hammer is truly the "cornerstone" of the San Jose arts community and sets the highest standard for public service. Unsurprisingly, in her retirement, Ms. Hammer continues to be civically involved and active in community and educational organizations.

I wish to congratulate Ms. Susan Hammer on her Cornerstone of the Arts Award and express my gratitude for her exceptional leadership and lasting impact on the San Jose art and cultural landscape.

HON. DANIEL T. KILDEE

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Monday, September 8, 2014

Mr. KILDEE. Mr. Speaker, I ask the U.S. House of Representatives to join me in recognizing and congratulating the National Job Corps Association on their 50th Anniversary. Over the course of 50 years, millions of at-risk youth have been forever changed by Job Corps' comprehensive residential, academic and career preparation programs.

In my hometown, the Flint Genesee Job Corps Center provides a vital service to our community by serving hundreds of disadvantaged youth between 16 and 24 years of age, inclusive, by providing high school diplomas and career technical education to young men and women.

In addition to academic and employment training, these Job Corps Centers throughout the country provide social skills training and other services to empower young men and women to obtain and hold a job, enroll in advanced training, attend college, or enter the Armed Forces to defend the interest of the United States around the world.

It is timely and appropriate that we join Flint and Genesee County in celebrating the National Job Corps Association and its accomplishments, including reducing the cycle of
